

Symposium on Child Trauma in the Public Sector

Save the Date
July 18 – 19, 2013

Join us for the second annual symposium. Day 1 focus: *ACES* (Adverse Childhood Experiences Study). Headline speakers include:

Robert Anda, PhD, formerly of the CDC, author of *ACES* Study

Bruce D. Perry, MD, PhD, Child Trauma Academy and Northwestern University Feinberg School of Medicine

Bryan Samuels, MPP, Commissioner of Administration on Children, Youth and Families (ACYF), Health and Human Services

Larke Huang, PhD, Senior Advisor on Children, Youth and Families, SAMHSA, Health and Human Services

Day 2 focus: *Community Violence*. A multi-disciplinary opening panel (education, medicine, journalism, community-based provider) to discuss a public health approach to community violence prevention/responses.

Hosted by:

For Policymakers,
Clinicians, Health
Care Providers,
Child Advocates,
Educators and others
who work with
children.

“Simply put, our childhood experiences have a tremendous, lifelong impact on our health and the quality of our lives. The ACE study showed dramatic links between adverse childhood experiences and risky behavior, psychological issues and serious illness **and the leading causes of death.**”
